EDITORS' REVIEW

The Buck Dewey Big Band

"Tijuana"

Rating: 4

How refreshing to hear someone making rich musical gumbo. A cosmic-fusion band not unlike Col. Bruce Hampton and his Aquarium Rescue Unit (R.I.P.), this big band offers everything short of the kitchen sink. Spare bass intro gives way to a superfunky keybs vamp with some latin percussion and an almost hip-hoppy vocal delivery. A terrific blend.

Andrew Dansby, Rolling Stone
